

**Review Narrative**

The Myrtle Beach Police Department intends to make its Fiscal Year 2018 JAG application available to the Myrtle Beach City Council for review and comment on or about September 11<sup>th</sup>, 2018 at the regularly scheduled council meeting.

The Myrtle Beach Police Department intends to make its Fiscal Year 2018 JAG application available to citizens for comment by means of an advertised public hearing in a local circulation, to be held on or about September 25<sup>th</sup>, 2018 at 10:00 am at the Myrtle Beach Law Enforcement Center, Main Courtroom, located at 1101 N. Oak Street, Myrtle Beach, South Carolina.

## **Applicant Disclosure of Pending Applications**

The City of Myrtle Beach Police Department does not have pending applications submitted within the past 12 months for federally funded assistance that include requests for funding to support the same project being proposed under this solicitation and will cover the identical cost items outlined in the budget narrative and worksheet in the application under this solicitation. The city does have a pending COPS Grant which covers officers and general equipment, none of which is covered in this application/request.

## **Abstract**

**Applicant:** City of Myrtle Beach Police Department

**Project Title:** License Plate Recognition system project

## **Goals**

### **Goals and strategies:**

- 1. To provide a safer community environment for the citizens and visitors.** The License Plate Recognition (LPR) system was started several years ago. Most every entrance and exit of the city is covered and monitored by these cameras 24/7. Millions of vehicles are scanned each year. Due to funding and other higher priority issues, the final phases of the project were delayed and abandoned. A goal of this project is to provide a safety barrier around the city so that the LPR system can alert our dispatchers and Real Time Crime Unit if a stolen, wanted, or other criminal issue related to a vehicle is entering or exiting the city. When an alert is sounded, confirmation is obtained and an officer is dispatched if one is available, depending on priority.
- 2. To utilize advanced technology in order to assist in solving crime.** The LPR system is linked to SLED and the SC DMV. When a vehicle passes by a camera, the license plate is 'ran'—if it comes back as stolen, wanted, etc, officers are dispatched accordingly. There are many times that unless an officer actively runs each tag, they will never know that a criminally associated vehicle/tag is moving through our city. When Officers respond to the area, they look for the vehicle. Based on reasonable suspicion and probable cause, a traffic stop is initiated and the investigation continues. If the situation is warranted and confirmed, an arrest or citation is issued and the stolen property is recovered and returned to its lawful owner.
- 3. To aid in the investigation of major crimes.** When a vehicle is stolen or it is used in the commission of a crime, our Detectives and officers who have permission, training, and access to the system can search the database to see when, where, and in what direction the vehicle was headed. We can then allocate resources to that area in order to apprehend the suspect(s). If it is learned that the vehicle is exiting the city, we can alert the neighboring jurisdiction to be on the lookout for the vehicle and suspect.
- 4. To increase the safety of each officer on patrol.** When the LPR system makes an alert, the Officer in that particular area has advanced knowledge and warning about the vehicle and its potential involvement in criminal activity. The Officer can call for backup

and have an increased and heightened sense of awareness prior to (and during) the traffic stop.

5. **To add more vehicles and information to the state-wide database.** By adding millions of more vehicle and information to the database, this can assist officers and agencies with their criminal investigations, especially when crimes are committed in their jurisdictions and we learn that a vehicle associated with that crime entered our jurisdiction. Multi-agency jurisdiction and cooperation is key to having an impact on crime, not just in the particular locality of the LPR system.
6. **To offer an additional tool to aid in locating missing persons, vulnerable adults, etc.** The LPR system has an agency 'hot list' field, which allows the user to enter a wanted vehicle associated with a particular car(s). For example, if there is a missing person or an AMBER alert is given, that information can be manually entered so that if the vehicle passes by one of the cameras, an alert is sent and an officer can be dispatched to the location.

2. Officer safety
3. Hot List
4. Database

## **Budget Narrative**

If funding is approved, the Myrtle Beach Police Department plans to purchase the final phase of the License Plate Recognition (LPR) system to capture images on US 17 Bypass (near the south city limits). Poles and electrical work are projected to be completed from the BJA 2017 grant. The 2018 BJA grant will cover most of the cost of the equipment for this project. The goal of this project is to cover the major entrances and exits to the city so that vehicular traffic is scanned and automatically 'run/checked' for wanted/stolen cars and other criminal activity. These cameras will be linked to the other cameras throughout the city and the state to offer another form of an investigative tool to utilize technology in order to better detect, deter, and reduce criminal activity.

The purchase of this equipment will be a one-time cost. The general costs, as listed above, are based on estimates from vendors. Maintenance of the product will be absorbed into the standard operating budget of the applicant agency in the future.

## **Program Narrative: License Plate Recognition system**

The estimated population of Myrtle Beach is approximately 30,000 people. However, the Myrtle Beach area receives in excess of 18,000,000 visitors annually. There is often a daily population of almost 189,000 people in our city during the busy times. Our city is a national and worldwide destination for many diverse people and groups. Our crime rate is based on a small year-round population, however with the influx of tourists comes an increased number of criminal activity and a duty to implement innovative ways of ensuring the residents and visitors feel safe in our city.

This program is designed to assist in deterring, reducing, and recognizing/enforcing criminal activity. License Plate Recognition (LPR) systems utilize the latest in technology to assist law enforcement and create a safer environment for the community.

Myrtle Beach has over 28 fixed cameras surrounding the city to provide an alert when a stolen vehicle, license plate, or other alert is tagged to a license plate. Several years ago, the city suspended the program due to a lack of funding. Resources were diverted to other needed programs throughout the department and the city. The LPR program has been very successful and has resulted in many recovered stolen vehicles, has assisted in the investigation and location of other vehicles and wanted persons, and has aided in the investigation of other crimes by proving or disproving that a particular vehicle was in a certain location.

When a vehicle passes by one of the cameras, a photograph is taken and the license plate is automatically 'ran' and checked against the SC DMV database as well as the National Crime Information Center (NCIC) database. Alerts are automatically sent to our communications center as well as an officer's laptop computer in their patrol cars if they are utilizing the software. Alerts for stolen vehicles, stolen license plates, missing persons, endangered persons, and threats are just some of the things that the LPR detects and notifies our agency so that enforcement action can be taken. Officers are then dispatched to the area and further investigation and enforcement, if necessary, continues.

Our current LPR system automatically scans and runs millions of license plates each year. The 2018 JAG plan for our agency is to finalize this program by installing an LPR system on US 17 Bypass/south—the most heavily travelled road in our city. The completion of this program will then set up a perimeter around our city where each major entrance and exit to our city is covered by these cameras.

As noted earlier, the LPR system is an investigative tool. For example, if someone had their car stolen in the city, we are able to check the LPR system to see if any of the tag readers picked it up—if so, we can have an idea of when, where, and in which direction the vehicle was last observed. We can then alert a neighboring jurisdiction. If the vehicle passes inbound to our city, we can dispatch the closest officers to apprehend the suspect and to return the vehicle to its lawful and rightful owner. Another example is if a vulnerable adult (dementia) is missing and

left in their car, we can enter that vehicle into our system and we will receive an alert when the vehicle passes by one of the tag readers.

Our LPR system is linked to the state-wide LPR system. When our agency enters a stolen vehicle, stolen tag, etc. into NCIC, if the vehicle passes by any one of the LPR systems in the state, that respective jurisdiction will be alerted! As more and more jurisdictions make the investment and commitment in the available technology, it can help create a safer community by assisting the officers to better do their jobs. If a vehicle is stolen in New York and the suspect comes to Myrtle Beach on vacation, when the vehicle passes through our LPR system we can dispatch an officer, locate the vehicle, make an arrest, and return the vehicle to the owner.

The completion of the LPR program in our city will help our agency tremendously. The LPR system is a 'force multiplier'. It provides an extra set of eyes and coverage at each entry/exit point of our city 24 hours a day. Data is collected and reported each month showing how many tags were read and how many alerts were received. We are currently in the process of devising ways to better track the success stories. Users of the system operate under the strictest SLED guidelines. The end result is a safer community and a good feeling knowing that our agency is utilizing technology to take a stance against crime and criminal activity. This investment lets the community know that we are serious about public safety and intend to hold violators accountable for their actions in our city.

U.S. DEPARTMENT OF JUSTICE  
OFFICE OF JUSTICE PROGRAMS

**Local Government: FY 2018 Certification Relating to  
8 U.S.C. §§ 1226(a) & (c), 1231(a)(4), 1324(a), 1357(a), & 1366(1) & (3)**

On behalf of the applicant government entity named below, and in support of its application, I certify under penalty of perjury to the Office of Justice Programs ("OJP"), U.S. Department of Justice ("USDOJ"), that all of the following are true and correct:

1. I am the chief legal officer of the unit of local government of which the applicant entity named below is a part ("the jurisdiction"), and I have the authority to make this certification on behalf of the jurisdiction and the applicant entity (that is, the entity applying directly to OJP). I understand that OJP will rely upon this certification as a material representation in any decision to make an award to the applicant entity.
2. I have carefully reviewed each of the following sections of title 8, United States Code:
  - a. § 1226(a) & (c) (authorizing arrest and detention of certain aliens and providing that the federal government "shall take into custody" certain criminal aliens "when the alien is released");
  - b. § 1231(a)(4) (federal government may not "remove an alien who is sentenced to imprisonment until the alien is released from imprisonment");
  - c. § 1324(a) (forbidding any "person," in "knowing or in reckless disregard of the fact that an alien has come to, entered, or remains in the United States in violation of law," to "conceal[], harbor[], or shield[] from detection, or attempt[] to conceal, harbor, or shield from detection, such alien in any place, including any building or any means of transportation" or to "engage in any conspiracy to commit any of the preceding acts ... or aid[] or abet[] the commission of any of the preceding acts");
  - d. § 1357(a) (authorizing immigration officers, "anywhere in or outside the United States" (see 8 C.F.R. § 287.5(a)), to "interrogate any alien or person believed to be an alien as to his right to be or to remain in the United States"); and
  - e. § 1366(1) & (3) (requiring the Attorney General annually to submit to Congress "a report detailing ... (1) the number of illegal aliens incarcerated in Federal and State prisons for having committed felonies, stating the number incarcerated for each type of offense; [and] (3) programs and plans underway in the Department of Justice to ensure the prompt removal from the United States of criminal aliens subject to removal").
3. I (and also the applicant entity) understand that USDOJ will require States and local governments (including State and local government entities, -agencies, and -officials), with respect to any "program or activity" funded in whole or in part with the federal financial assistance provided through the FY 2018 OJP program under which this certification is being submitted (the "FY 2018 OJP Program" identified below), specifically including any such "program or activity" of a governmental entity or -agency that is a subrecipient (at any tier) of funds under the FY 2018 OJP Program, not to violate, or to aid or abet any violation of, 8 U.S.C. § 1324(a), and not to impede the exercise by federal officers of authority under 8 U.S.C. § 1357(a) or relating to 8 U.S.C. § 1366(1) & (3) or 8 U.S.C. § 1226(a) & (c).
4. I (and also the applicant entity) understand that, for purposes of this certification, "program or activity" means what it means under title VI of the Civil Rights Act of 1964 (see 42 U.S.C. § 2000d-4a), and that terms used in this certification that are defined in 8 U.S.C. § 1101 mean what they mean under that section 1101, except that the term "State" also shall include American Samoa (cf. 34 U.S.C. § 10251(a)(2)). Also, I understand that, for purposes of this certification, neither a "public" institution of higher education (i.e., one that is owned, controlled, or directly funded by a State or local government) nor an Indian tribe is considered a State or local government entity or -agency.
5. I have conducted (or caused to be conducted for me) a diligent inquiry and review concerning both—
  - a. the "program or activity" to be funded (in whole or in part) with the federal financial assistance sought by the applicant entity under this FY 2018 OJP Program; and
  - b. any laws, rules, policies, or practices potentially applicable to the "program or activity" sought to be funded under the FY 2018 OJP Program that implicate any of the requirements relating to 8 U.S.C. §§ 1226(a) & (c), 1324(a), 1357(a), & 1366(1) & (3) that are described in ¶ 3 of this certification, whether imposed by a State or local government entity, -agency, or -official.
6. As of the date of this certification, neither the jurisdiction nor any entity, agency, or official of the jurisdiction has in effect, purports to have in effect, or is subject to or bound by, any law, rule, policy, or practice that would apply to the "program or activity" to be funded in whole or in part under the FY 2018 OJP Program (which, for the specific purpose of this paragraph 6, shall not be understood to include any such "program or activity" of any subrecipient at any tier), and that would or does— (1) violate, or aid or abet any violation of, 8 U.S.C. § 1324(a); (2) impede the exercise by federal officers of authority under 8 U.S.C. § 1357(a); (3) impede the exercise by federal officers of authority relating to 8 U.S.C. § 1366(1) & (3); or (4) impede the exercise by federal officers of authority relating to 8 U.S.C. § 1226(a) & (c).

I acknowledge that a materially false, fictitious, or fraudulent statement (or concealment or omission of a material fact) in this certification, or in the application that it supports, may be the subject of criminal prosecution (including under 18 U.S.C. §§ 1001 and/or 1621, and/or 34 U.S.C. §§ 10271-10273), and also may subject me and the applicant entity to civil penalties and administrative remedies for false claims or otherwise (including under 31 U.S.C. §§ 3729-3730 and §§ 3801-3812). I also acknowledge that OJP awards, including associated certifications, are subject to review by USDOJ, including by OJP and the USDOJ Office of the Inspector General.

**Certifications and Assurances by the Chief Executive of the Applicant Government**

On behalf of the applicant unit of local government named below, in support of that locality's application for an award under the FY 2018 Edward Byrne Justice Assistance Grant ("JAG") Program, and further to 34 U.S.C. § 10153(a), I certify under penalty of perjury to the Office of Justice Programs ("OJP"), U.S. Department of Justice ("USDOJ"), that all of the following are true and correct:

1. I am the chief executive of the applicant unit of local government named below, and I have the authority to make the following representations on my own behalf and on behalf of the applicant unit of local government. I understand that these representations will be relied upon as material in any OJP decision to make an award, under the application described above, to the applicant unit of local government.
2. I certify that no federal funds made available by the award (if any) that OJP makes based on the application described above will be used to supplant local funds, but will be used to increase the amounts of such funds that would, in the absence of federal funds, be made available for law enforcement activities.
3. I assure that the application described above (and any amendment to that application) was submitted for review to the governing body of the unit of local government (e.g., city council or county commission), or to an organization designated by that governing body, not less than 30 days before the date of this certification.
4. I assure that, before the date of this certification— (a) the application described above (and any amendment to that application) was made public; and (b) an opportunity to comment on that application (or amendment) was provided to citizens and to neighborhood or community-based organizations, to the extent applicable law or established procedure made such an opportunity available.
5. I assure that, for each fiscal year of the award (if any) that OJP makes based on the application described above, the applicant unit of local government will maintain and report such data, records, and information (programmatic and financial), as OJP may reasonably require.
6. I certify that— (a) the programs to be funded by the award (if any) that OJP makes based on the application described above meet all the requirements of the JAG Program statute (34 U.S.C. §§ 10151-10158); (b) all the information contained in that application is correct; (c) in connection with that application, there has been appropriate coordination with affected agencies; and (d) in connection with that award (if any), the applicant unit of local government will comply with all provisions of the JAG Program statute and all other applicable federal laws.
7. I have examined certification entitled "State or Local Government: FY 2018 Certification of Compliance with 8 U.S.C. §§ 1373 & 1644" executed by the chief legal officer of the applicant government with respect to the FY 2018 JAG program and submitted in support of the application described above, and I hereby adopt that certification as my own on behalf of that government. (This provision is not applicable to Indian tribal government applicants.)
8. I have examined certification entitled "State or Local Government: FY 2018 Certification Relating to 8 U.S.C. §§ 1226(a) & (c), 1231(a)(4), 1357(a), & 1366(1) & (3)" executed by the chief legal officer of the applicant government with respect to the FY 2018 JAG program and submitted in support of the application described above, and I hereby adopt that certification as my own on behalf of that government. (This provision is not applicable to Indian tribal government applicants.)

I acknowledge that a materially false, fictitious, or fraudulent statement (or concealment or omission of a material fact) in this certification, or in the application that it supports, may be the subject of criminal prosecution (including under 18 U.S.C. §§ 1001 and/or 1621, and/or 34 U.S.C. §§ 10271-10273), and also may subject me and the applicant unit of local government to civil penalties and administrative remedies for false claims or otherwise (including under 31 U.S.C. §§ 3729-3730 and §§ 3801-3812). I also acknowledge that OJP awards, including certifications provided in connection with such awards, are subject to review by USDOJ, including by OJP and by the USDOJ Office of the Inspector General.
