
1 **2021-22 (2ND READING): TO REZONE ~21 ACRES LOCATED IN THE 2600**
2 **RANGE OF S KINGS HWY (A PORTION OF PIN # 44300000012) FROM PRC**
3 **(PARKS RECREATION AND CONSERVATION) TO AP (AIRPORT) TO RESOLVE**
4 **A SPLIT ZONE**

5 **Applicant/Purpose:** Horry County Airports / to rezone approximately 21 acres at MYR to AP (Airport) from
6 PRC (Parks Recreation and Conservation) to resolve a split zoned parcel of property.
7

8 **Brief:**

- 9 • A large majority of airport property is zoned AP in support of airport operations.
- 10 • This parcel is currently zoned both AP and PRC.
- 11 • Per FAA requirements, MYR had initiated an airport master plan prior to COVID-19.
- 12 • During the master plan process MYR discovered this split zoned parcel of property.
- 13 • Split zoned parcels are difficult to plan for because of the different uses. Ideally, entire parcels
14 should be zoned the same to make development more efficient.
- 15 • Because AP is the most dominate zone at the airport, it was recommended this parcel be
16 rezoned AP.
- 17 • The applicant originally requested the adjoining solar farm parcel also be included in the rezoning
18 request to AP, but withdrew the request at the Planning Commission meeting.
- 19 • 3/16/21 - PC Recommendation: (6-1 to deny until staff can work with MYR airport staff to work on
20 the possibility of buffering for Hwy 17 and the cemetery pertinent to the two properties that are on
21 the screen (the split-zoned property and the solar farm property) as well as the rest of the
22 perimeter of the cemetery.
- 23 • No changes since 1st reading.

24
25 **Issues:**

- 26 • Two Commissioners expressed concern for the potential effect of airport development on nearby
27 Ocean Woods Cemetery.
- 28 • One Commissioner expressed concern for potentially unsightly airport development fronting on
29 Kings Highway.
- 30 • When considering this request, please keep in mind:
 - 31 ○ Any development/re-development at the airport and on this parcel will be subject to CAB
32 review.
 - 33 ○ In the near future the City will be replacing privacy fence at the cemetery. The fence will
34 be 6'-8' in height.
 - 35 ○ There is also a large patch of mature trees and shrubbery on the back portion of the
36 cemetery, and is on cemetery property. This will act as a natural buffer between the
37 airport property and the cemetery.
 - 38 ○ The AP zone already abuts the cemetery along the rear property line, and the HC-2
39 (Highway Commercial) zone abuts the cemetery on the north and south side.

40
41 **Public Notification:** 15 letters sent to owners of property w/in 300'. One sign placed on the property.
42 Legal ad ran.
43

44 **Alternatives:**

- 45 • Modify (change zoning) or deny the request.

46
47 **Financial Impact:**

- 48 • N/A for the City. For the applicant: the ability to plan for potential future use of the property.

49
50 **Manager's Recommendation:**

- 51 • I recommend re-zoning to AP (4.27.21). I recommend approval of the re-zoning request (5.11.21).

CITY OF MYRTLE BEACH
COUNTY OF HORRY
STATE OF SOUTH CAROLINA

TO REZONE 21 ACRES LOCATED IN THE 2600
RANGE OF S KINGS HWY (A PORTION OF PIN #
4430000012) FROM PRC (PARKS RECREATION AND
CONSERVATION) TO AP (AIRPORT) TO RESOLVE A
SPLIT ZONE

PIN # 4430000012

IT IS HEREBY ORDAINED that the official zoning map of the City of Myrtle Beach is amended by rezoning ~21 acres located in the 2600 range of S Kings Hwy, represented by a portion of Horry County PIN # 4430000012 (as shown on "Exhibit A" attached hereto), from zone PRC (Parks Recreation and Conservation) to AP (Airport).

This ordinance shall become effective upon adoption.

STAFF COMMENTS

36

37

38

39 **Zoning, Police, Public Works:** No concerns

40

41 **Fire:** The Myrtle Beach Fire Department has no issues with the proposed rezoning. For any future

42 development, emergency vehicle access, fire hydrant placement, and adequate road widths shall

43 be approved by the fire marshal.

44

45 **Planning:** Concerns about additional traffic crossing the East Coast Greenway.

Section 403. Findings of Fact Required

In reviewing any petition for a zoning amendment, the Planning Commission shall identify and evaluate all factors relevant to the petition, and shall report its findings in full, along with its recommendations for disposition of the petition, to the City Council. Factors shall include, but shall not be limited to, the following:

- 403.A. Whether or not the requested zoning change is consistent with the Comprehensive Plan or is justified by an error in the original ordinance.
- 403.B. The precedents and the possible effects of such precedents, which might result from approval or denial of the petition.
- 403.C. The capability of the City or other government agencies to provide any services, facilities, or programs that might be required if the petition were approved.
- 403.D. Effect of approval of the petition on the condition or value of property in the City.
- 403.E. Effect of approval of the petition on adopted development plans and policies of the City.

Staff Comments on Findings of Fact:

- 403.A. **Comprehensive Plan**
 - The Comprehensive Plan identifies the area as “office professional.” The proposed zoning change would allow many potential commercial uses not currently allowed, some of which do not fit in with the future land use plan.
 - The proposed change is more in line with the Comprehensive Plan Future Land Use designation than the current zone.
 - There are no known errors in the Comprehensive Plan addressed by this request.
- 403.B. **Precedents**
 - Staff could not identify any precedents created by this application. The AP zone already abuts S Kings Hwy.
- 403.C. **Ability to Provide Services**
 - The ability of the City to provide water, sewer, stormwater, and public safety to the site is not impacted by this application. All utilities and safety operations are available to this site.
- 403.D. **Effect on the condition or value of property in the City.**
 - The rezoning would allow the airport to envision the property for use in the next 20-year planning window, as the current airport terminal and service areas are on track to be overwhelmed with business in a few years. (See attached report.)

- 1
- 2 ▪ 403.E. ***Effect on adopted development plans and policies of the City.***
- 3
- 4 ▪ This request would bring the zoning more in line with the future land use map of
- 5 the Comprehensive Plan. In addition, it would help support growth planning for
- 6 our airport, which is outperforming most other passenger terminals in the US.
