

2021-36 (1ST READING): AUTHORIZING THE SALE OF VACANT PARCEL TO PATRICK J. HERRMANN FOR \$5,000.

Applicant/Purpose: Staff / to sell a vacant lot at the back gate for \$5,000.

Brief:

- When SCDOT built the US 17 overpass where Socastee Boulevard feeds into Farrow Parkway (back gate), the connection of Northgate Road to Socastee Boulevard was terminated thus creating a vacant parcel.
- Mr. Herrmann purchased the adjacent parcels from SCDOT and intends to build a new office building.
- Mr. Herrmann wishes to also purchase the City’s remnant lot. The City has no need for this parcel as long as we can maintain access in order to service the underground utilities.

Issues:

- The sale is subject to the following terms and conditions:
 - The property is sold “AS IS WHERE-IS” condition.
 - Buyer shall be responsible for all taxes that may accrue as a result of the transfer.
 - Buyer shall pay all costs and fees associated with the sale and closing including but not limited to preparation of the deed and other documents associated with the transfer, attorney’s fees, closing costs, and filing and recording fees to include deed stamps.
 - Buyer recognizes the intent of the City of Myrtle Beach to reserve to itself a utility easement over, under and across the property for all water and sewer utilities and that the sale is subject to those easements as well as existing encumbrances, liens, easements, zoning ordinances, other restrictions of record, and such facts as an accurate survey would reveal.
 - Buyer shall not build or make improvements other than asphalt or concrete or sod and unless written permission is granted by the City of Myrtle Beach and Buyer shall not use of the property in any way that interferes with the ability of the City of Myrtle Beach to access water and sewer utilities and any other underground assets.
 - City reserves the right to access the property for installation, operation, maintenance, inspection and/or repair of all water and/or sewer utilities. If the property is disturbed or damaged in connection with the installation, operation, maintenance, inspection and/or repair of utilities, the City has no liability or responsibility to repair the property or return the property to its condition prior to the damage or disturbance.

Public Notification: Normal meeting notification.

Alternatives:

- Modify the proposed ordinance.
- Deny the proposed ordinance.

Financial Impact:

- This property is in the City limits, therefore if the property develops as it is intended the City will see a modest increase in property taxes, business licenses and permit fees.

Manager’s Recommendation: I recommend 1st reading (9.14.21).
