Dear Myrtle Beach City Council:

I am writing to express my interest to serve on the City of Myrtle Beach's Technology Advisory Group (TAG). As a Myrtle Beach native and a young professional, I believe the work of the TAG has been and will continue to be instrumental to the success of Myrtle Beach's downtown redevelopment and the future of our city's economic growth.

As my enclosed bio demonstrates, I have a wide range of professional experience and community involvement that provide a comprehensive understanding of our local industry's needs. In my current role at HTC, I advocate on behalf of the Cooperative and its members on a local, state, and national level to help bridge the digital divide in South Carolina. As a cooperative, HTC takes seriously the challenge of creating jobs and the opportunity to invest and reinvest in the communities that we serve. This commitment, combined with the resources of technologies and infrastructure that HTC provides, will contribute greatly to the TAG.

HTC remains committed to supporting our region's existing businesses, helping recruit future businesses, with its state-of-the-art fiber optic network. I would be grateful for the opportunity to work with the TAG and support the needs of our city.

Sincerely,

Sarah Bonnoitt
