Surplus

Budget Year 2022-23 - Outside Agency Applicants

Funding Uses:

A Father's Place

Funding will provide partial salary for the Intervention Specialist who provides direct participant support. In addition, funding for emergency assistance for utilities, food, shelter, work supplies such as clothing, tools and shoes, transportation assistance, and food for peer group meetings.

Boys & Girls Club of the Grand Strand

Since 1998, the Boys & Girls Club of the Grand Strand has been in the forefront of youth development efforts, working with young people from predominantly disadvantaged economic, social and family circumstances. Funding will assist with program supplies and staff wages for training and teaching programs during operating hours that are designed to help instill life skills for members that may not typically have an opportunity to be involved in, serving youth ages 1st grade through 12th grade.

Carolina African American Heritage Foundation

Funding to be used as such: (1) Professional Accounting Services in the amount of \$1,000, and (2) Advertising and Promotional Costs (Graphic design, website maintenance, radio & television air-time, Publications, newspaper and magazines, flyers, brochures, posters, cards and signage, video filming, and photography, and (3) Operational Costs (Travel, transportation, hotel & lodging, food & beverage, facility rentals).

Children's Recovery Center

The purpose of funds requested will be to assist the child advocacy center in sustaining the cost of providing forensic interviews, used as court records for the children who are victims of assault.

Coastal Samaritan Counseling Center

Funding used to provide assessment and therapy when appropriate to homeless and low-income individuals and families. In addition, funding used to supplement the reduced fee schedule for an individual or family that can only pay the minimum fee required by the agency when actual income is determined. (Example: Normal fee \$140 per hour – Agency discount \$70 – minimum requirement of the client \$20. This leaves \$50 client assistance fund contribution. When the client cannot pay anything, the CAF (Client Assistance Fund) contribution would be \$70.

Family Outreach of Horry County, Inc.

A Family Resource Center - Currently, their focus is on mothers enrolled in their parenting program living at or below the poverty level. They have a total of 331 active mothers in the program and 65 live in Myrtle Beach.

Funding will be used to assist families and children meet their basic needs.

- Diapers, baby wipes, formula, breast feeding supplies such as breast pumps, baby food, and infant and toddler clothing

Freedom Readers

Funding requested would be used to purchase materials for scholars including books sent to each program participant. Funds also to be used for support of staff; General operational expenses (masks, hand sanitizer, paper, technology, etc.); Costs for student reading assessments; and Volunteer screening and training expenses.

Grand Strand Miracle Leagues, Inc.

Funds requested are for the following:

- (1) Portion of salary for executive director & program director
- (2) Print production to recruit new players, website maintenance, and hosting special events, Community involvement, and promotional exposure
- (3) Maintenance of fencing, flags, lighting, security system, concession building, and equipment building
- (4) (General liability, wind and hail, and player insurance), maintenance of field and playground, Accounting services, uniforms, power bill, and lighting at field, and sporting equipment

Helping Hand

Funding used for direct client assistance to those individuals within the city limits of Myrtle Beach who are facing eviction, disconnection of utility services. Essentially, in an effort to prevent families from becoming homeless (this funding would assist them with short-term rent or utilities).

Horry Georgetown Technical College

Funding used to assist with providing part-time staffing and the purchase of dental supplies for those individuals financially challenged.

Myrtle Beach Citizens Police Academy Alumni Association

Funding would be used to provide meals – Memorial Weekend, Thanksgiving, Christmas, LEN's (15th Circuit Traffic Safety Stops), and as requested (i.e. Hancher Memorial). Also to assist with Special Events – i.e. Cops & Bobbers, Shop with a cop, and children's Christmas party. There is the possibility of an unforeseen event where our help is requested and we would need funds to help us provide our services (i.e., police officer shooting; funeral).

Neighbor to Neighbor of SC

Funding used to continue free transport rides for senior and vulnerable adults, so they can get to their medical appointments, buy groceries, and to get a haircut. Increased demand for services has grown as more people in this demographic move to the area and families struggle with costs of basic necessities. Excessive inflationary costs have only exacerbated the need. Also, funding would be used for

operational costs to provide Pantry deliveries to homebound seniors and adults with disabilities including food and toiletries.

Rape Crisis Center

Funding used as support to provide direct services to victims of sexual assault, and education in the prevention of sexual assault (Operational Costs: such as supplies, printing and publications, telephone/internet, volunteer training, professional fees, rent of office space, mileage reimbursement, and salary and benefits for staff).

SAV-R-CATS

Funding used to assist with control of the feral cat population by means of trap, spay and neuter. (Funds requested are for neutering, spaying, shots, food & water, and shelter)

Sea Haven, Inc.

Funding to be used for two (2) part-time employees to provide services to homeless and transitioning youth 18-24 years of age, to independence. An alternative to Youth Detention.

S.C. Mothers against Violence, Inc.

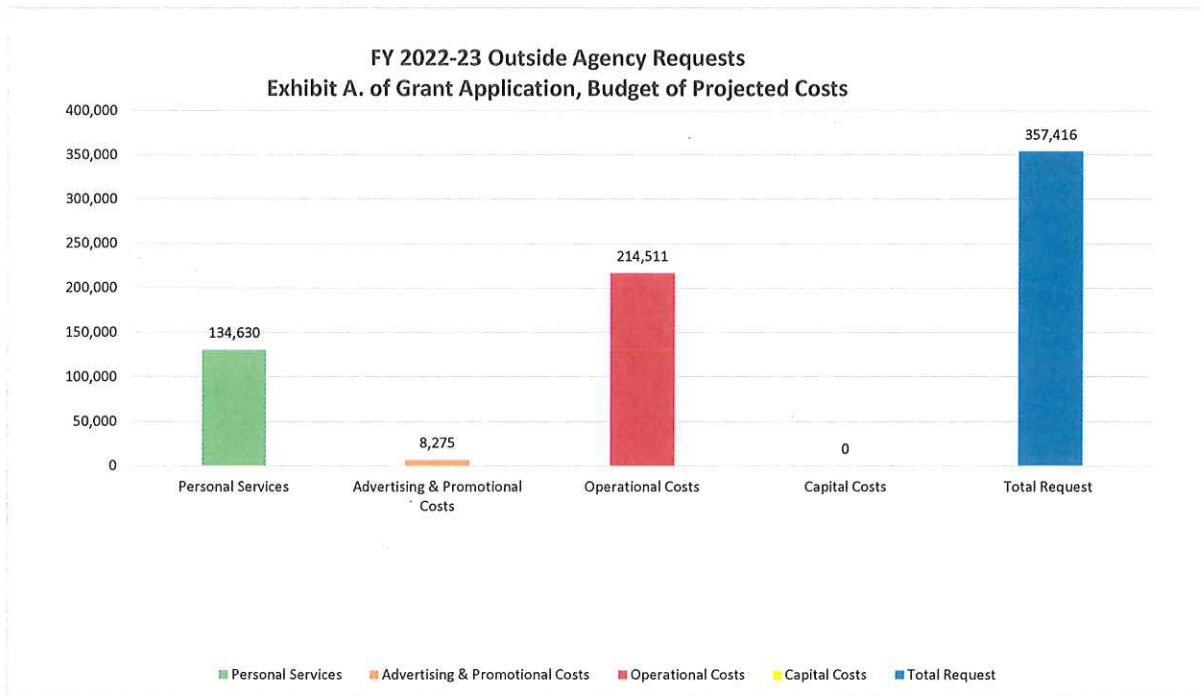

Funding for services such as transportation, grief counseling, travel assistance with home visits, funeral and court attendance, volunteer training and recognition, meeting/training space rental, advertising of upcoming events, and website maintenance and support, printing and telephone service.

SOS Healthcare

Funding used for staffing of a 10-week summer program for children ages 4-21 with autism and intellectual disabilities (8 camp counselors and 2 supervisors - Agency requires a high staff-to-camper ratio to provide a safe camp environment), and other operational costs including supplies necessary for camp activities, including arts and craft supplies, school supplies, games, and costs associated with field trips.

CITY OF MYRTLE BEACH APPLICATION FOR GRANT FUNDING

SUMMARY

AGENCY NAME: A Father's Place

Previous Awards of City Grant Funds: Last Year \$ 10,000 ; Two Years Ago \$ 10,000

Amount Requested in this application: \$ 12,000

Committee's Recommendation (leave blank): \$ _____

Program Objective: The purpose of A Father's Place (AFP) is to support fathers, families and the community through social and economic development. Increased funds are requested to partially fund a dedicated Intervention Specialist who will provide low-income, noncustodial fathers with case management, assistance with job skills training and securing a job that pays a living wage, linkages to supportive community services and help with removing barriers that may prevent them from becoming an integral and effective part of their children's lives. Funds are also requested to partially support an Outreach Coordinator who assists with case management and helps ensure participants remain active in the program, as well as helping with participants' transportation needs. The program's comprehensive approach supports fathers' successes thus contributing to the city's economic growth and enhancing the image and safety of its communities. Services are also offered to young men who are interested in learning more about career paths and responsibilities of fatherhood.

Committee's Recommendation (leave blank): \$ _____

Program Objective:

The Carolina African American Heritage Foundation (CAAHF) is a multifaceted group focusing on the needs of the Myrtle Beach and surrounding areas. The foundation promotes cultural, arts and educational programs relative to the historical and culture of African Americans living in the Carolinas. CAHHF collaborates with local entities and government to promote sustainable growth in Myrtle Beach, better the lives of its citizens of all races or religions and works throughout communities to strive for a safe and healthy environment for its children. Alerting, informing, and educating the general- public to the life & legacy of Dr. King and other civil rights and government leaders of all races who worked to change the injustice of segregation and discrimination in modern day America.

Office of Budget & Evaluation
921 Oak Street
Myrtle Beach, SC 29577

Dear Grant Committee:

We are so grateful for all past funding received and to be considered for funding for 2022 from the City of Myrtle Beach.

COVID19 continued to present scheduling challenges for us but we were still able to provide the same high quality of services for children who were referred to us. In 2021, we added a part-time forensic interviewer to our staff and a part-time medical provider.

In 2021, we saw 276 children who were residents of Horry County. We saw 74 children were residents of Myrtle Beach.

The average age of the child we saw for sexual assault in 2021 was nine years old. The need for our center and the services we provide is evident by the increasing number of referrals we receive from law enforcement, DSS, and our medical community every year.

The purpose of funds requested will be to assist in sustaining the cost of providing forensic interviews for our youngest victims of crime.

If you have any questions or concerns, please feel free to contact me lcarrson@childrensrecoverycenter.org or at (843) 448-3400.

Sincerely,

Louise Carson

SUMMARY

AGENCY NAME: Children's Recovery Center

Previous Awards of City Grant Funds: Last Year \$ 15,000 ; Two Years Ago \$ 15,000

Amount Requested in this application: \$ 20,000

Committee's Recommendation (leave blank): \$ _____

Program Objective: Our program objective is to provide a forensic interview, a forensic medical exam, education, and advocacy for 100% of the children who are referred to the CRC by law enforcement, DSS and medical professionals. The children who come here have been through horrible traumas and we offer hope and healing from those traumas. We want to give the kids who come here a voice to help them heal and grow from child abuse victims to strong healthy survivors with bright futures.

6

CITY OF MYRTLE BEACH APPLICATION FOR GRANT FUNDING

SUMMARY

AGENCY NAME: Family Outreach of Horry County, Inc.

Previous Awards of City Grant Funds: Last Year \$5,000; Two Years Ago \$ 0

Amount Requested in this application: \$ 10,000

Committee's Recommendation (leave blank): \$ _____

Program Objective: Our program objective is to help families with children meet their basic needs, obtain a high school diploma or GED, and connect them with services to increase their ability to work. This includes assisting clients with obtaining ABC daycare vouchers. Currently, our focus is on mothers enrolled in our parenting program that live at or below the poverty level who are the most vulnerable to financial pressures. We have a total of 223 active mothers in our program with 47 living within the City of Myrtle Beach. Family Outreach's services are more important than ever during this time. We are as the only outside resource for many of the mothers we serve. Many lack transportation, internet access, and have limited family support.

Family Outreach has returned to meeting with expectant teens and teen moms in area high schools, including Myrtle Beach High School, providing them with positive parenting education and support; as well as visiting clients in their homes. During these meetings, staff is ensuring they have diapers, baby wipes, formula, breastfeeding supplies such as breast pumps, baby food, formula, and infant and toddler clothing. Clients are emotional and mental state is assessed and the child-parent bond is evaluated. Mothers that have given birth in the last 12 months are also screened for postnatal depression using the Edinburgh Postnatal Depression Scale.

Our health educators keep in contact with participants through telephone calls, instant messaging, emails, and our Parents on Point pages on Facebook and Instagram. Our visits help prevent child abuse and neglect because our staff is in the position to spot potential problems and intervene by offering the parent education and guidance with interactions with the children and offering support and referrals to agencies that can provide emotional and mental health support. Most of our clients are young, single mothers without strong family support. During the past two years, many have become more isolated making them more vulnerable to anxiety and depression. In many cases, our staff are the only ones providing any guidance or help to these mothers on how to navigate proper prenatal care and proper care of a newborn, and other parenting issues. Most of them have been left without childcare and have no way to take a break from the stress. They are financially vulnerable and at higher risk for becoming homeless. We provide services and support; as well as, connecting them with agencies that can provide other needed services including Waccamaw EOC, ECHO, Food Banks, Department of Social Services, Health Care, Shoreline Behavior for Substance Abuse, Waccamaw Center for Mental Health, Family Justice Center, and Sea Haven Transitional Living. These agencies also make client referrals to our agency, and partner with us to ensure a client's needs are met.

CITY OF MYRTLE BEACH APPLICATION FOR GRANT FUNDING

SUMMARY

AGENCY NAME: _____ Freedom Readers

Previous Awards of City Grant Funds: Last Year \$ 10,000 __; Two Years Ago \$10,000 _____

Amount Requested in this application: \$ 20,000 _____

Committee's Recommendation (leave blank): \$ _____

Program Objective: Freedom Readers, Inc. strives to improve reading skills in low-income communities by providing one-to-one literacy tutoring, free books for home libraries, and an inspiring, high-energy learning environment. In response to COVID, The Reading Lab formed to continue serving scholars when in-person sites were forced to close. The virtual tutoring program will continue to pair students in need of support in grades K- 8 with trained volunteers via weekly Zoom meetings. Freedom Readers, Inc. recruits, screens, and trains volunteer tutors for the virtual program and is expanding to include a new homework and literacy support initiative called Knights for Knowledge. As part of this service, Freedom Readers deploys volunteers to the Boys & Girls Club of the Grand Strand to provide tutoring and reading support during the homework hour. Freedom Readers plans to grow this program by offering the service to other after-school sites in low-income communities. By summer, Freedom Readers strives to return to normal programming at the Bay Pointe Apartments, Myrtle Beach Primary, and Myrtle Beach Elementary sites. At these sites, the organization will continue its mission to improve literacy skills by implementing a proven methodology created and reviewed by the organization's CEO and Curriculum Advisory Board.

January 13, 2022

Michael Price
Budget and Evaluation Analyst
City of Myrtle Beach
P.O. Box 2468
Myrtle Beach, SC 29578

Dear Mr. Price:

Attached you will find our City of Myrtle Beach Outside Agency grant application for the FY 2022—2023. I hope you will find the application complete and informative.

Helping Hand of Myrtle Beach is a crisis intervention agency that serves the needs of walk-in clients by providing assistance with food, rent, utility payments, gasoline, prescription medications, bus tickets, and other needs. In 2021, we served 2,003 households (3,849 members), providing \$133,079 in direct client assistance. Because of the seasonal employment and low pay scale in this area, we continue to see an ongoing need for assistance with basic services from those who work and reside in our City. With this in mind, Helping Hand is requesting \$20,000 from the City of Myrtle Beach for FY 2022—2023. These funds would be used to provide direct client assistance for rent and utility bills. Without assistance from the City of Myrtle Beach, we would not be able to assist many of our city's residents and many would be left to face evictions or electric cut-offs and ultimately, homelessness.

Helping Hand of Myrtle Beach was founded in 1971 as an outreach ministry of the First United Methodist Church. To date, we have ten member churches and are a registered 501(c)(3) Corporation. Our funding comes from our member churches, United Way of Horry County, the Chapin Foundation, Ocean View Foundation, businesses, and individual contributions. Helping Hand is open Monday through Friday from 8:30am to 4:30pm. (COVID-19 protocols are currently, and will remain, in practice.)

Our service area is the City of Myrtle Beach and West to the Conway City limit, South to the old Air Force Base, and North to the North Myrtle Beach City Limit. We do not serve those outside our area, but do provide referrals to agencies able to help. We collaborate with other agencies in our area, including WEOC, Department of Social Services, New Directions (Men, Women, and Family Shelters), ECHO, Welcome Home Veterans, Little River Medical Center, as well as other agencies.

9
Continued

As noted above, the need for services is ongoing for many of our local residents due to the nature of our local economy, but we also serve many senior and disabled residents who live on fixed incomes. These populations are some of our most vulnerable and many times do not have anywhere else to turn when in need. All services are provided free of charge without regard to race, age, gender, religion, or disability. Funds received from the City of Myrtle Beach will be used only for those who are residents of the City of Myrtle Beach.

In 2021, Helping Hand of Myrtle Beach provided utility assistance to 403 households (918 members) and rental assistance to 129 households (257 members). Combined, that was 532 households/families that did not fall into homelessness. The loss of housing often times has a domino effect on a family, with children suffering the most. Many times children miss school and/or have to change schools; they live from car to friend to family until their parents stabilize again. Parents also miss work due to the hardships of being homeless (sleeping in their cars, no place to bathe or change clothes, no place to cook, having to drop off and pick up their children from school, and the stress of dealing with being homeless) and many times are fired after missing too many days of work, which further compounds the problem. After being evicted, many families find it difficult to pass a credit check to get into a new apartment; deposits for rent and utilities are usually out of a family's budget as well. Financially, it is much more cost effective to keep a family in housing then it is to start over trying to get them back into housing. While we can measure the financial cost of homelessness, it is much more difficult to measure the educational cost of children missing school and the stress of wondering where they will sleep day to day.

Of the 403 households provided with utility assistance in 2021, 64 of those were assisted with City funds, and of the 129 households provided with rental assistance, 17 were assisted with City funds. This was a total of 81 households assisted with City funds as of December 31, 2021. Of the original \$15,000 granted by the City of Myrtle Beach, \$12,987.60 has been expended, leaving a balance of \$2,012.40.

Helping Hand of Myrtle Beach is one of the few agencies you can walk into without an appointment made weeks or months in advance. The funding we receive from the City of Myrtle Beach is instrumental in helping families struggling in the Myrtle Beach area; we hope you will consider our request again this year.

Should you have any questions, please feel free to contact me. I look forward to meeting with you and the City Council in regard to our funding application.

Sincerely,

Ashley Silvey
Executive Director

CITY OF MYRTLE BEACH APPLICATION FOR GRANT FUNDING

SUMMARY

AGENCY NAME: Helping Hand of Myrtle Beach, Inc.

Previous Awards of City Grant Funds: Last Year \$15,000 ; Two Years Ago \$15,000

Amount Requested in this application: \$20,000

Committee's Recommendation (leave blank): \$ _____

Program Objective:

Helping Hand of Myrtle Beach is requesting funds to provide direct client assistance within the city limits of Myrtle Beach to those who are facing eviction or disconnection of utility services. Specifically, funds would be used to prevent these families from becoming homeless by assisting short-term with rent or utilities. Helping Hand of Myrtle Beach is a full-time crisis agency in the heart of Myrtle Beach and any funds approved would be used for the residents in the City of Myrtle Beach.

January 12, 2022

Myrtle Beach City Council
937 Broadway Street
PO Box 2468
Myrtle Beach, SC 29578

Dear Members of the Myrtle Beach City Council,

We appreciate your consideration of our \$15,000 grant application to support staffing and costs of supplies and equipment vital to the operation of our Community Dental Clinic. Our imminent objective is to expand dental services to underserved residents of Myrtle Beach and to continually improve the equipment required to provide a high standard of care. This grant will enable our Dental Sciences Department to achieve that goal.

Located on the beautiful Grand Strand Campus, our state-of-the-art facility provides much needed dental treatment to those who lack access to dental care. Research continues to support the oral-systemic link, correlating disease in the mouth with conditions like heart disease, diabetes, and dementia, to name a few. Receiving regular dental care is critical to overall health. Studies have also demonstrated that children perform poorly at school and miss more days of school due to dental related problems. We currently offer free preventive care to approximately 95 children per year. Our goal is to increase that number annually.

The services provided through our Dental Hygiene Clinic twice weekly include preventive care for children and adults; our Community Dental Clinic offers restorative services once a week. In 2021 the Community Dental Clinic provided restorative and preventive services totaling \$34, 678 to residents residing in the city of Myrtle Beach. Patients seen in our Community Dental Clinic pay only a minimal \$10 fee for care.

Students enrolled in the Dental Sciences Programs (Dental Hygiene and Expanded Duty Dental Assisting) are actively involved in both clinics, gaining vital hands-on clinical instruction and improvement of their professional and interpersonal communication skills with patients. The students greatly benefit from treating the wide variety of patients who seek care at our clinic; children and adolescents, adult and geriatric patients, and those with special needs challenges.

We continually strive to have current technology on site in our clinic, to streamline patient care and to aid in preparing our students for the ever-changing workforce and continued use of technology. Our clinic is nearly 10 years old and is beginning to require more than basic

January 19, 2022

Dear Funding Committee,

Thank you for considering this application to support Neighbor to Neighbor of South Carolina (N2N) in the City of Myrtle Beach. Our organization provides transportation for seniors and vulnerable adults to medical appointments and quality of life destinations. Our volunteers pick up and deliver food from local food pantry sites and make weekly wellness phone calls to hundreds who are challenged with the detrimental effects of isolation and loneliness. In 2021, our program closed out the year with 145 volunteers. As a result of COVID, we at one point dropped under 100 total volunteers. We are still working to recruit and onboard an additional 135 volunteers in 2022 to meet the current demand for N2N services.

In 2021 we provided transportation to 59 city of Myrtle Beach residents who were provided 821 transports. This is 15% of the total number of transports at 5,480 for all communities served. In addition, we provided 324 pantry deliveries to 17 city of Myrtle Beach residents. This is 26% of the 1,229 pantry deliveries for all communities served. We are averaging 11 new client applications per week as an organization and do not currently have the volunteer base to meet the need. We will need to recruit, background check, insure and train a 22% increase in volunteers to directly serve within the city limits of Myrtle Beach.

Sincerely,

A handwritten signature in black ink that reads "Joe Kunkel".

Joe Kunkel, Executive Director

CITY OF MYRTLE BEACH APPLICATION FOR GRANT FUNDING

SUMMARY

AGENCY NAME: Neighbor to Neighbor of South Carolina, Inc.

Previous Awards of City Grant Funds: Last Year \$ 5,000; Two Years Ago \$ 5,000

Amount Requested in this application: \$ 31,416

Committee's Recommendation (leave blank): \$ _____

Program Objective:

By leveraging the existing Neighbor to Neighbor (N2N) model and building capacity by on boarding new volunteers in the city of Myrtle Beach, N2N will expand its volunteer based transportation, pantry and connect programs by actively recruiting volunteers in Myrtle Beach. The client identified community members need services to maintain their independence and a healthy quality of life. The need for N2N programs have increased as a result of multiple variables including population growth, COVID-19, and an increased awareness of N2N as a resource. The awareness of N2N in particular has put strain on the services administered. In order to meet the demand for services, this project will focus heavily on building volunteer recruitment initiatives that will on board at least 35 committed volunteers. The objective is to identify, recruit, background check, insure and train a 22% increase in volunteers to serve the needs of the population that reside in Myrtle Beach. Neighbor to Neighbor had seen an average of 10 new clients per month within city limits. As a whole for all counties served, N2N received 595 new applications in 2021.

January 18, 2022,

Michael Price, CGFO
Financial Management and Reporting
City of Myrtle Beach
921 Oak Street
Myrtle Beach, SC 29577

Dear Michael:

Please find attached the completed application for grant funding consideration by the City of Myrtle Beach. We are requesting funding to support general operations of the Rape Crisis Center. We are a direct services organization providing crisis intervention, short- and long-term counseling, support groups, hospital accompaniment, legal advocacy, medical advocacy, referrals, and overall victim advocacy services to the survivors of sexual assault as well as to the families of the victims. All services are provided at no cost. RCC is the sole provider of these services in Myrtle Beach 24-hours a day, 365 days a year. Unrestricted financial support for general operations is vital to our ability to provide these services to those who live in as well as visit Myrtle Beach.

Please let me know if you need any additional information or have any questions. We are so appreciative of the ongoing support that the City has provided and hope to look forward to this ongoing partnership.

Sincerely,

Colleen Campbell Bozard
Interim Executive Director

CITY OF MYRTLE BEACH APPLICATION FOR GRANT FUNDING

SUMMARY

AGENCY NAME: _____ Sea Haven Inc.

Previous Awards of City Grant Funds: Last Year \$ 0.00 _____; Two Years Ago, \$ 0.00 _____

Amount Requested in this application: \$ 50,000 _____

Committee's Recommendation (leave blank): \$ _____

Program Objective: _____ The mission of Sea Haven Inc. is to "Provide a Safe Place for Youth" improve the overall well-being and safety of homeless and forgotten youth ages 18 to 24 years, by extending a helping hand to those youth whose life may be in disarray.

Sea Haven is requesting funds to add 2 part time employees to provide services to homeless and transitioning youth ages 18-24 in Myrtle Beach.

Project Lighthouse @ Sea Haven is a resource linkage, case management, and skill building program designed to help transitioned aged youth ages 18-24 successfully navigate their transition to independence, including (1) Street Outreach services, (2) a drop-in Resource Center, and (3) an Intensive Case Management services for those with immediate and critical needs in at least one transition to adulthood domain. Project Lighthouse helps nearly 400 youth annually. 32% of them are either facing or completely homeless. **WE CAN HELP WITH THIS ISSUE** Transition Specialists help youth locate housing options, complete schoolwork, learn about available resources, link to necessary supports, obtain assistance with enrolling in GED classes, writing a resume and finding a job, learn about and gain access to educational opportunities and participate in independent living workshops. For young adults with more critical needs, the intensive case management component of the program is available. Young adults are matched with a Transition Specialist who works with them to develop a "Futures Plan" which outlines specific goals participants set for themselves, as well as steps for achievement. Transition Specialists serve as coaches for program participants and help mitigate initial barriers to successful goal achievement, such as obtaining original birth certificates, identification, stable housing, education records, etc., all of which may take several months to obtain, while working to facilitate the process for successful attainment of individualized goals, such as school enrollment or employment.

"Every year an estimated 1.6 to two million children and youth run away from home and of those runaways at least 200,000 will be lured into commercial sexual exploitation. 1 in 3 runaways will be lured into commercial sexual exploitation within 48 hours of being on the streets. Approximately 55% of street girls, and a good percentage of boys, engage in formal prostitution and some think it is much higher than that. Sea Haven is Horry County's only youth RHY provider.

SOUTH CAROLINA MOTHERS AGAINST VIOLENCE,

January 28, 2022

Mr. Michael Price, CGFO
Financial Analyst, Senior
Financial Mgmt. & Reporting
921 Oak Street
Myrtle Beach, SC 29577

RE: Application for Grant Funding

Dear Mr. Price:

Everyone knows that since 2020 we have been challenged to do things differently and more creatively. Families are still dealing with the loss of loved ones and their emotional instability is coupled with the loss of income and/or housing not because they don't want to take care of their families but because of so much misinformation about COVID is affecting their decision making. The South Carolina Mothers Against Violence, Inc. continued to assist families that were affected by violence but also dealing with additional hardships. We continued to provide emotional grief support and to connect families with needed resources and services. We have been very limited with personal visits but do so within the social distancing guidelines. Most of our assistance is done telephonically. We also performed the following:

- Gave small stipends to assist with transportation, food or funeral costs
- Referred families to obtain housing, utility and food assistance
- Continue to advocate through the 15th Judicial Circuit Solicitor's office and the SC Victim Assistant Program to prevent families from being re-traumatized from parole hearings, re-trials and releases
- Grief counseling
- Provided back-to-school supplies, clothing, and food
- Provided baskets to shut-in senior citizens that included food and personal items
- Assisted more than 50 families and 78 children

Once again, we were not able to hold our annual fundraising event due to COVID and due to personal illness, were not able to conduct our outdoor revival which provided much needed spiritual support to provide a glimmer of hope for families during this difficult year.

Our mission remains clear. We are dedicated and committed to constantly helping families make it to the next day with ongoing grief support and encouragement even during these difficult times. We need the City's funding to continue to meet the demanding need for services to families.

Sincerely,

Elizabeth H. Bowens
President

CITY OF MYRTLE BEACH APPLICATION FOR GRANT FUNDING

SUMMARY

AGENCY NAME: SOS Care, Inc.

Previous Awards of City Grant Funds: Last Year \$ 15,000 ; Two Years Ago \$ 10,000

Amount Requested in this application: \$ \$20,000

Committee's Recommendation (leave blank): \$ _____

Program Objective: SOS Care, Inc. is requesting funds for our summer camp program. This is a summer long day-camp for children and teenagers with Autism and intellectual disabilities. The CDC recognizes the following: About 1 in 44 children has been identified with autism spectrum disorder (ASD) according to estimates from CDC's Autism and Developmental Disabilities Monitoring (ADDM) Network, ASD is reported to occur in all racial, ethnic, and socioeconomic groups, ASD is more than 4 times more common among boys than among girls, and about 1 in 6 (17%) children aged 3-17 years were diagnosed with a developmental disability, as reported by parents, during a study period of 2009-2017. These included autism, attention-deficit/hyperactivity disorder, blindness, and cerebral palsy, among others. The prevalence of ASD in children continues to rise every year. This increase makes our summer camp program even more important to the families in the Myrtle Beach area who have children with ASD and intellectual disabilities.

Our summer camp is designed specifically for individuals with ASD and intellectual disabilities and promotes inclusion of children with disabilities while encouraging a healthy lifestyle, fitness, social skills and activity. Summer camp helps children make new friends and improve their self-esteem and overall happiness.

While our program directly serves youth with ASD and intellectual disabilities, it also indirectly serves the parents of these children. This camp was designed because of a rising need in the Myrtle Beach community. Many of the parents we serve are unable to place their child in a typical daycare or camp due to the nature of their child's disorder and a lack of specialized training at other facilities. Without proper childcare, parents are unable to continue working during the summer months when school is out of session. SOS's camp provides a safe, supportive environment with staff trained to assist those with ASD and intellectual disabilities. This allows parents to continue working during the summer months.

Last year we served 25 families in camp, and our goal for 2022 is to increase to 30 children, working specifically to reach out to families in Myrtle Beach. Each year, SOS has a waitlist of families needing our camp service. Our main barrier to providing this service to more families is a lack of funding to properly staff the camp to ensure it is safe for additional campers to attend. We have never had a shortage of qualified individuals wishing to work in the camp program.

(17)
Continued

Due to the increased need for summer services for individuals with ASD and intellectual disabilities, camp has been split into two groups. The first group consists of children ages 4+. The children enjoy community outings to the Pepper Geddings Recreation Center, Mary C. Canty Recreation Center, Grand 14 Stone Theater at Market Common, the Children's Museum of South Carolina, and more. On these outings, the children work on much needed social skills and are supervised by specially trained staff. The campers also have a rigorous curriculum throughout the summer, which focuses on addressing social skill deficits as well as educational lessons. They have many opportunities to stay active which helps increase strength, endurance, and overall motor skills. In addition, guest speakers visit with the children and conduct activities revolving around topics such as service animals, gardening, equine therapy, and more.

The second group consists of teenagers and focuses on skills and issues that affect teens including developing employment skills, fitness and nutrition, skills for independent living, social skills, hygiene and more. These campers visit local businesses including Johnny D's Waffles and Benedict's, Grand 14 Stone Theaters at Market Common, Pelican's Stadium, and stores at Coastal Grand Mall and Broadway at the Beach where they learn about various career opportunities at these businesses and develop skills for future employment. In addition, the teens volunteer in the community with the elderly and homeless.
